+33 6 75 05 77 78

Skills

Javascript, HTML, CSS, Angular 2+, ReactJS, Scss, D3.js, three.js, R, Sewing

Work Experience

Manadge – **Front-end Developer Angular** (Paris, France)

Oct. 2019 – Now

Manadge is a Parisian start-up building a SAAS solution for programmatic advertising. I am responsible of the front-end development, using Angular 8, c3.js and d3.js.

Freelance – **Data Visualization Designer & Developer** (Taipei, Taiwan)

Jan. 2019 – Oct. 2019

Designing, developing and deploying data visualizations for clients with d3.js, c3.js, ReactJS, Angular, highcharts, chart.js.

IBM France – **Data Visualization Engineer & Front End Developer** (Paris, France)

Jan. 2017 – Jan. 2019

Taking part in large scale IoT projects. Creating and designing data visualizations, analyzing data, and integrating it on IBM Cloud. Using design thinking and agile methodologies.

Society For Social Psychiatry and Mental Health – **Front-End Volunteer** (Athens, Greece)

Jul. 2016 – Sept. 2016

Developping a website and creating designs for the NGO in Athens.

Education
